

The City of Somerville will be holding a public information meeting to discuss the conclusion of remediation work at the Conway Park/15A Bleachery Court site with a release tracking number of 3-11753. The meeting will focus on the work described in Release Abatement Measure (RAM) Completion Statement dated July 26<sup>th</sup>, 2012. The City will update the community on the activities related to managing any contaminated soils at the site which occurred during the construction of the new skating rink. The public will also have an opportunity to provide comments.

The meeting will be held at the Somerville Public Library-Central Branch, located at 87 Highland Ave on December 19<sup>th</sup>, 2012, beginning at 6:30. An information repository for documents related to the remediation activities that have occurred at the 15A Bleachery Court site has been created. A printed copy of these documents is located at the Somerville Library-Central Branch, in the second floor information area. While these documents cannot be checked out, they are available for viewing during normal library hours. The information is also located online at <http://www.somervillema.gov/departments/ospcd/economic-development/bcrlf>.

The City will also accept written comments on this matter. Written comments on the Release Abatement Measure (RAM) Completion Statement dated July 26<sup>th</sup>, 2012 will be accepted until January 8<sup>th</sup>, 2013. Comments should be sent to:

David Lutes  
Somerville Office of Sustainability and Environment  
50 Evergreen Ave.  
Somerville, MA 02145.

For any questions please contact David Lutes at 617-625-6600, x2106.
